CONTACT REPORT

Date	Time
October 26, 1995	1 pm
Project Name	
CT and IC NESHAP & NSPS	
Project Number	
RADN 19/18-04	

Alpha-Gamma Originator	Contact	Phone Number
Brahim Richani	Julian Jones / EPA	(919) 541-2489
General Subject		
<p>He has emissions factors for combustion sources developed by Radian. He is not sure if they got any data for IC and CT. He mentioned that Ron Meyers and Ann Pope have done some work in compiling data from CA districts on combustion sources. He cannot give us the report by Radian; however, we can go and review it in his office. Made an appointment to meet him on the 27th.</p>
